

Our **RenWeb School Management Software** gives you, the parent, an opportunity to be more involved in your child's academic progress and future success - all via the Internet!

RenWeb's ParentsWeb is a private and secure website that has been set up for our school to allow you to see complete information specific to your child. You can view your child's announcements, grades, attendance, homework, and conduct, as well as other useful school information. You can also communicate with teachers and other school staff online whenever necessary. All you need is an Internet-capable computer.

Here's how to access our easy-to-use **RenWeb's ParentsWeb**:

- Open Internet Explorer (or other web browser) and go our school's website (www.EvansvilleChristian.org)
- Click on "RenWeb" link found at the top of our home page (look for the above logo)
- Log in as follows (the school ID is not needed if you go through our website – it is ECS-IN):
 1. Click the **First Time Users** tab if you have not logged in before. If you have, skip to Step 5.
 2. Enter your email address that you provided to the school.
 3. Click the **Remember My Email?** box if you would like the login screen to automatically populate your email address on subsequent logins.
 4. Click the **New User** button. You will receive an email containing your password within 3 minutes (to the email address you entered, which must be the same one that you provided to the school).
 5. Click the **Parents** tab.
 6. Enter the password assigned (you should change the password once you log in).
 7. Click the **Parent Login** button.

You should now be logged in to the School Information home page of ParentsWeb. To learn more about ParentsWeb 2.0, click the **Tour the New ParentsWeb 2.0** button to take a brief video tour. See the ParentsWeb 2.0 **Tip Sheet** (on back) for where to look for important information.

Note: If you are on a dial-up connection and experience long delays in loading the web pages, please select the **Dial-up** option on the Parents login page before clicking the **Parent Login** button. This will take you to a dial-up version of ParentsWeb (known as Legacy) that contains the same information but in a dial-up-friendly environment that requires fewer graphics.

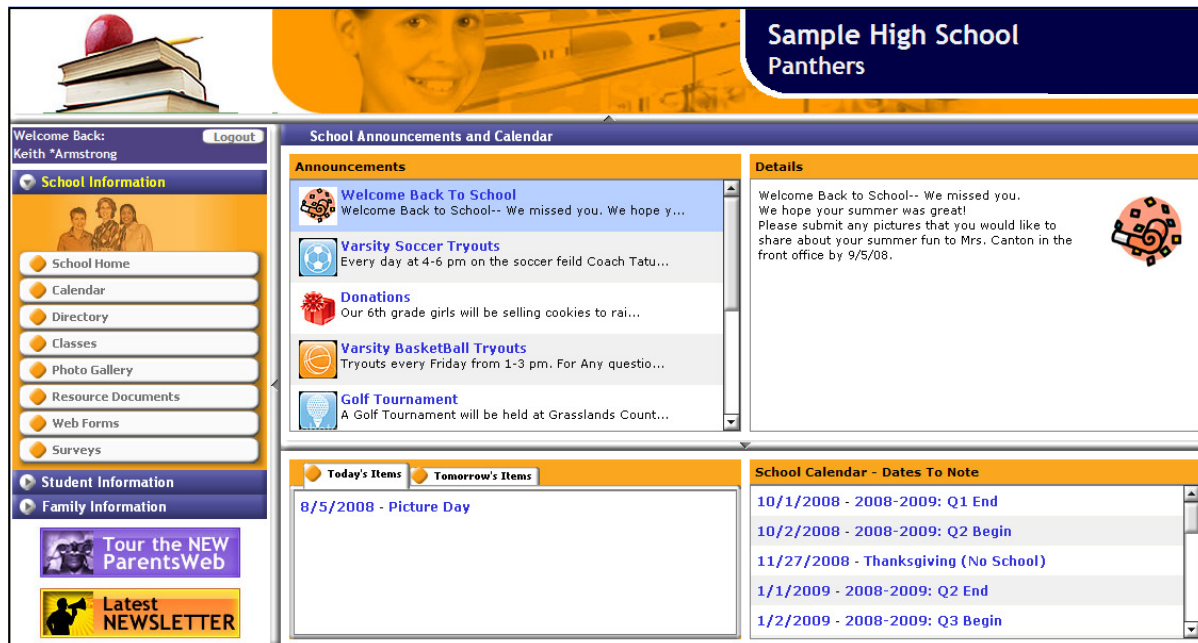

Please call the school office at (812) 477-7777 if you have any questions.

We look forward to your participation. Together we can continue to improve our children's academic development as well as communication between our school and your home.

Evansville Christian School
ParentsWeb 2.0 Tip Sheet
Updated January 7, 2010

ParentsWeb 2.0 organizes and displays school, student and family information from a series of three dashboards. Be sure to watch the on-line tour of ParentsWeb by clicking on the Tour button. Once you log-in to ParentsWeb 2.0, you should see the main screen as below:

On the **School Information** dashboard, look for school-wide announcements (click on one to see details). Click on Calendar for various details, including school's master calendar, 5th-8th grade test/quiz schedule, music schedules, and 5th-8th grade sports schedules (games only) – note after selecting the desired calendar, you must click refresh. Click on Directory for family and staff contact information. Click on Resource Documents to view and print important pages such as menus, newsletters, required forms, PTF forms, permission slips, etc.

Click on Classes to get information by class (select student if you have more than one, then select class) – note that K-4 only has information in the homeroom; 5th-8th grade has information for each class. Once you select the class, view classroom announcements (may also print) and select various tabs across the top, including grades, homework, etc.

On the **Student Information** dashboard, you may view grades, homework, attendance, behavior, and other information. Some of the information under this tab (e.g. homework and grades), may also be viewed on the School Information dashboard. The information under School Information is organized first by class, then by topic; the information under Student Information is organized first by topic and then by class or date.

On the **Family Information** dashboard, you may view your family profile, including demographics, pick-up information, account information, and change your password.

NOTE – To help in planning, homework for the coming week (for all classes) and the Test and Quiz calendar for 5th-8th grade students, are to be finalized by 4 p.m. on the preceding Friday.
